CARE TRANSFORMATION ARRANGEMENT

This Care Transformation Arrangement (“Arrangement”) is between HCDI, a care transformation organization (the “CTO”), and [name of Practice], (the “Practice”) (each a “Party,” and collectively the “Parties”).

The CTO has been selected by the Centers for Medicare and Medicaid Services (“CMS”), Center for Medicare and Medicaid Innovation (“CMMI”), to serve as a care transformation organization in the Maryland Primary Care Program (“MDPCP”). The Practice is a primary care practice that provides health care services to Medicare beneficiaries, among others, in the State of Maryland.

This Arrangement sets forth the terms and conditions under which the CTO will provide to the Practice certain care transformation services and resources consistent with MDPCP requirements.

1. Participation Agreements. Prior to the Effective Date of this Arrangement, the CTO must sign an MDPCP Participation Agreement with CMMI (the “CTO Participation Agreement”). Prior to the Effective Date of this Arrangement, the Practice must sign an MDPCP Participation Agreement with CMMI (the “Practice Participation Agreement”). If either Party does not sign a Participation Agreement with CMMI prior to the Effective Date of this Arrangement, then this Arrangement shall be deemed null ab initio.
2. Effective Date. The Effective Date of this Arrangement is the later of January 1, 2019, or January 1 of the year following the date this Arrangement is signed by the last Party to sign it (as indicated by the date associated with that Party’s signature). A Party’s performance obligations under this Arrangement shall not begin prior to the Effective Date.
3. Term of Arrangement. This Arrangement is effective for a minimum of one full Performance Year, which consists of a 12-month period beginning on January 1 of each year, and will renew automatically on January 1 of each year, until terminated by either party in accordance with Section 12 of this Arrangement. This Arrangement is subject to early termination by either Party only if: (1) CMS terminates either the CTO Participation Agreement or the Practice Participation Agreement, or (2) if CMS authorizes, in writing, such early termination of this Arrangement.
4. Offer and Selection of CTO Services. The Practice is responsible for meeting the Care Transformation Requirements as listed in Appendix A. The CTO will support the Practice in meeting those requirements including any support specified in the either the CTO or Practice Participation Agreements. The CTO has offered to provide any and all of the CTO Services to the Practice, as listed in the package selected in Appendix B. The CTO offers these same CTO Services to all participating practices within the same service option level and Track.
5. Care Management Fees. CMS will calculate the Practice’s Care Management Fees (“CMF”) according to the CTO Participation Agreement, the Practice Participation Agreement, and the methodologies described therein. In accordance with CTO Option Selection Form A, the CTO will receive **30/50%** of the practice’s CMF payment amount calculated by CMS, and the remaining **70/50%** of such CMF payment amount will be paid to the Practice.
6. Lead Care Manager. For practices choosing the 50% option, the CTO will provide the Practice with one or more individuals who are fully dedicated to care management functions of the Practice (the “Lead Care Manager”), and additional services selected in accordance with Section 4. For practices choosing the 30% option, the practice will have its own care manager(s) to work in conjunction with the CTO and the CTO’s offerings in accordance with Section 4.
7. Data Sharing and Privacy. The Practice authorizes the CTO to have access to all clinical data available in the electronic medical records or shared through the State-Designated Health Information Exchange (“HIE”), including personal health information, of MDPCP Beneficiaries attributed to the Practice. The Practice authorizes the CTO to have access via CRISP to quality and utilization reports available to the Practice. The CTO will include a Business Associate Agreement (“BAA”) for the Practice to approve. The BAA will govern their data sharing, use, and confidentiality, a copy of which is in Appendix B. Each Party will comply with HIE policies and regulations, including patient education requirements, and will execute any separate agreement that may be required by CRISP.
8. Notification of Changes in Medicare Enrollment. The Practice will notify the CTO of any changes to the Practice’s Medicare beneficiary enrollment information within thirty (30) days after such changes occur.
